PROFESIONAL EXPERIENCE

ACRD, Melbourne, Australia
Graduate Architect (2022–2024)

• Worked on commercial, residential, mixed-use projects, interior design, and sports centres.
• Prepared comprehensive documentation for town planning, building permits, and tender submissions, ensuring compliance with Australian standards, NCC and BCA.
• Created detailed 3D models in Revit and high-quality renderings in Enscape.
• Delivered professional client presentations, showcasing design concepts and project progress.
• Involved in Design Development (DD), Construction Documentation (CD), and consultant coordination.

Studio Equator, Melbourne, Australia
Graduate Architect (2018–2019)

• Designed interior spaces for commercial projects and prepared layouts for development applications.
• Prepared comprehensive documentation for town planning and building permits, ensuring compliance with Australian standards.

Bloque, Studio Architect and Design
Architect (2009–2022)

• Managed residential, corporate, and public projects.
• Coordinated with visual artists, designers, and photographers to enhance project quality.

City Council of Curicó, Chile
Architect – Health Department (2012–2018)

• Led health infrastructure and public development projects, ensuring compliance with local regulations.
• Conducted feasibility studies and developed 3D models to optimise design efficiency.
• Managed consultants and construction processes, delivering sustainable solutions.

0+A, Santiago, Chile
Interior Designer (2011)

• Contributed to interior design projects for commercial spaces and coordinated with suppliers and clients.

Bioarq Sustainable Building Office, Curicó, Chile
Sustainability Researcher (2009–2010)

• Researched sustainable solutions and produced technical drawings for bioclimatic projects.
